PROFESSIONAL SUMMARY

Results-driven **Manufacturing and Industrial Engineering Professional** with over 18 years of experience in **process improvement**, **production analysis**, and **inventory management**. Proven expertise in **SAP MM and PP modules**, **procurement optimization**, and **data-driven reporting**. Skilled in **cross-functional collaboration**, **cost reduction**, and **streamlining operations**. Experienced in providing **technical support** to global licensees through the **Tenaris Licensee Network**. Fluent in English and Russian.

CORE SKILLS

- SAP MM (Materials Management)
 - SAP PP (Production Planning)
 - Inventory Management & Optimization
 - Procurement & Supplier Coordination
 - Data Analysis & Reporting (Excel)
 - Process Improvement & Cost Reduction
 - Licensee Support & Technical Assistance
 - Cross-Functional Collaboration
-

PROFESSIONAL EXPERIENCE

Tenaris – Houston, TX

Premium Connection Senior Analyst, Manufacturing Services

2007 – Present

- **SAP MM (Materials Management)**: Managed procurement processes, including supplier coordination, purchase order creation, and material tracking, ensuring timely availability of materials for production.
- **SAP PP (Production Planning)**: Supported production planning by analyzing demand, optimizing production schedules, and ensuring alignment between inventory levels and manufacturing needs.

- **Inventory Management:** Monitored and analyzed inventory levels using SAP, reducing stockouts by **10%** and improving inventory turnover by **15%**.
 - **Process Improvement:** Identified inefficiencies in procurement and production workflows, implementing SAP-based solutions that reduced lead times by **10%** and improved operational efficiency.
 - **Data Analysis & Reporting:** Utilized **Excel** to analyze production data, create reports, and provide actionable insights to plant managers and operations teams.
 - **Licensee Support:** Provided technical assistance and support to global manufacturers through the **Tenaris Licensee Network**, ensuring compliance with Tenaris quality standards and facilitating knowledge sharing.
 - **Cross-Functional Collaboration:** Partnered with IT, supply chain, and operations teams to optimize SAP configurations and enhance system usability.
-

Key Achievements

- **Streamlined Procurement:** Leveraged SAP to streamline procurement processes, reducing material costs by **5%** and improving supplier delivery times.
 - **Improved Inventory Accuracy:** Enhanced inventory tracking using SAP, reducing discrepancies by **15%** and ensuring optimal stock levels for production.
 - **Cost Savings:** Identified and resolved inefficiencies in production workflows, resulting in **\$50,000+ in annual cost savings**.
 - **Data-Driven Reporting:** Used **Excel** to integrate SAP data and generate real-time production reports, improving the accuracy and timeliness of performance insights.
 - **Licensee Network Support:** Played a key role in supporting global licensees, ensuring adherence to Tenaris standards and fostering strong partnerships.
-

EDUCATION

- **Master's Degree in Construction Engineering**
Moscow Institute of Construction Engineers
-

LANGUAGES

- **English:** Fluent
 - **Russian:** Native Proficiency
-
